Letter from the BOARD PRESIDENT

As a community, we need new solutions to the old problem of prisons & poverty. Here are the statistics:*

- ⇒ The United States is the global leader in incarceration.
- ⇒ Black men are six times more likely to be incarcerated than white men.
- ⇒ Hispanic men are 2.5 times more likely to be incarcerated than white men.
- ⇒ As of 2007, more than half of Americans in state and federal prisons were parents of minor children.

Effective January 2015, Illinois' "ban the box" legislation prohibits employers or their agents from inquiring about an applicant's criminal history until after the applicant's qualifications have been reviewed.

What can we do? Volunteer to assist previously incarcerated parents with interviewing skills. Help them tell the story of who they are today and how not to be defined by their past.

*Source: Bureau of Justice Statistics, The Sentencing Project, "Trends in U.S. Corrections" (2013). Parents in Prison and Their Minor Children (U.S. Department of Justice, 2008),

Mission of Community Action

The Mission of the Community Action Partnership of Lake County is to reduce the causes and effects of poverty, promote self-sufficiency of families and individuals with low incomes and improve the standard of living in the Lake County service area by:

- ◆ Providing valuable education and training services to individuals and families.
- ◆ Providing affordable housing and energy assistance.
- ◆ Provide accessible and tailored business and development services.
- ◆ Advocating for the interests of individuals and families with low incomes.
- ◆ Supporting and coordinating services to other organizations.

**HELPING PEOPLE.
CHANGING LIVES.**

Letter from the EXECUTIVE DIRECTOR/CEO

THE PROMISE OF COMMUNITY ACTION

Community Action Changes people's lives, embodies the Spirit of HOPE, IMPROVES Communities and makes American a better place to live. We care about the entire community, and we are dedicated to HELPING PEOPLE HELP themselves and each other.

“Helping People. Changing Lives.”

Community Action Partnership, America's Poverty Fighting Network with over 1300 agencies

We are proud of the role we play in the continuing fight against poverty during this period of economic turmoil. The new challenges facing Community Action have strengthened our determination to help people help themselves.

We have accomplished this through the programs services and advocacy work that we do daily. During 2017, we were able to assist over **8,028 Lake County residence with utility bills through our Low Income Energy Assistance Program, 134 houses received energy conservation work** at no cost to the home owner. The program spent an average of \$8,268 per house. **1,438 Individuals and families received emergency assistance, food pantry donations, self-sufficiency case management or post secondary scholarships.** Students were award scholarships to Illinois Institutions of higher education or vocational training schools.

Early Childhood Education, nutrition and health services were provided to over 700 children and families. A total of **52 affordable multi-family and single family homes; plus townhouses** were leased to low-to-moderate income individuals and military veteran families.

165 Children 5-12 years of age from at-risk communities enjoyed fun-filled summer camp activities and field trips at affordable rates last summer. And, over **100 volunteers** donated their time with *helping people and changing lives.*

Community Action Partnership of Lake County continues to develop new joint initiatives and partnerships to better serve the needy and working poor in Lake County.

Poverty was a huge problem in America prior to the recession, a problem that was far too big for most communities to solve alone. NOW, we must join hands, roll up our sleeves and prepare to actively fight poverty together, if we desire a stronger America.

COMMUNITY ACTION PARTNERSHIP OF LAKE COUNTY

OUR HISTORY

Community Action Partnership of Lake County (CAPOLC) is one of 1,000 agencies across the United States established under the Economic Opportunity Act of 1964 to fight America's War on poverty.

For 54 years CAPOLC has administered the Low Income Home Energy Assistance Program (LIHEAP), Head Start Early Childhood Development Program, Youth and Family Services (Self-sufficiency case management, Emergency Assistance, summer camp and a food pantry), Adventure Kids Childcare, Home Weatherization, Retired and Senior Volunteer Program (RSVP) and Affordable Housing programs for low-income residents and Veterans.

In 2005, CAPOLC established and operated its first social enterprise, CAP Catering Services. CAPOLC now operates 3 social enterprise businesses in order to generate revenues and fulfill our mission. During the nineties, CAPOLC purchased 116 single and multi-family housing units to rent as affordable housing. Many single family homes bought by the agency were sold to low-income individuals and families as they became self-sufficient and more importantly, were ready to build assets for the future.

In 2013, CAPOLC established an independent Foundation to fundraise and secure private grant funding to ensure financial growth for the agency. Later that year, the Agency opened "Changing Lives" Upscale Resale Shop in Zion.

As new challenges arise in our communities, CAPOLC responds. Currently, the agency is transitioning thirty 3-bedroom townhouses at Hervey Village in North Chicago, IL into permanent housing for homeless and near homeless US military Veterans with children. We have replaced RSVP with a broader volunteer program, and reinstated a Community Economic Development program.

VETERANS HOUSING and SUPPORT SERVICES

Veterans Housing @Hervey provides housing and support services for US Military Veterans and their children. The project's goals are to provide stable housing for homeless and near homeless Veterans with children and to remove obstacles that are preventing these Veterans from receiving job benefits that will return them to self-sufficiency.

Community Action Veteran's Council represents a cross-section of veteran advocates and is a part of the Community Action Foundation of Northern IL. Community Action Partnership of Lake County and the Foundation's Veteran's Council partnered with thirty five veteran medical and social service organizations; veteran clubs and advocacy groups; and Great Lakes military personnel to provide housing assistance and support services to veteran families.

In 2017, we expanded our available veteran housing with rehab and volunteer support from the AbbVie Foundation. Additional townhouse units were rehabbed through the *Veterans Cash Lottery Program* sponsored by the Illinois Department of Veterans Affairs.

Volunteers with North Shore Gas' *Home and Honor* program and Grainger's AABRG Volunteer project provided home make-overs for senior veterans at Hervey Village.

Community Action Partnership of Lake County 2017 • REPORT TO THE

HEAD START MISSION STATEMENT

Head Start is organized to serve children and families with culturally and economically deprived social status by offering a program to provide the early formal stages of the child's educational experiences, basic health services, nutritional services, social services and parent engagement opportunities.

Head Start is an advocate to gain and protect the rights of children and the rights of those who provide love and care for children. It is a nurturing learning place for children and families.

Head Start provides a place and an opportunity for people to speak out on community issues and express concerns affecting them and their children.

Head Start establishes networking relationships with other child-

centered organizations and collaborations with other providers to enhance the economic and social opportunities for Head Start families by sharing applicable information and giving a head start to those who are a part of this program.

To accomplish this mission, Head Start has a firm commitment to use goal setting techniques, mutual trust and clearly defined standards of performance to produce the highest quality of work by its personnel.

The child's entire family and the community must be involved. The strengths and unique experiences of each child should be developed. The family, which is the principal influence on the child's development and life, must be a direct participant in the total program, including its growth and activities.

A work climate that fosters openness, personal fulfillment and use of everyone's unique talents and responsibilities is essential to the accomplishments of our mission. These factors are necessary to meet the needs of families, parents, our community, our staff and our agency.

HEAD START OVERVIEW

Head Start is a national funded program that provides education, health, disability/mental health, nutrition and family support services to targeted low-income families with 3-5 year old children.

Education

Activities and goals are individualized according to each child's needs. Areas of development includes: language, literacy, math, science, creative arts, social, emotional and physical development. Children learn to problem solve and are prepared to succeed in kindergarten. Parents are informed and consulted as their child's first and primary teacher.

Disability/Mental Health

Head Start welcomes children with identified Individualized Education Programs (IEPs). These children will benefit from the individualized Head Start curriculum. Children can be dually enrolled in the local school district and Head Start.

Head Start has a mental health consultant who uses interns from Rosalind Franklin University to create Behavior Intervention Plans for our children, families and teachers.

Nutrition

Head Start children receive a daily well balanced diet according to standards set by the US Department of Agriculture. The staff Nutrition Coordinator consults with a Registered Dietician monthly regarding children with allergies, diet restrictions, who are overweight, and have special nutritional needs. Head Start children are taught family style serving and a enjoy a monthly food experience activity.

Parent, Family & Community Engagement

Parent and family engagement in Head Start is about building relationships with families that support family well-being, strong relationships between parents and their children and ongoing learning and development for both parents and children.

The Parent, Family and Community Engagement (FCE) Framework is a road map for progress in achieving the kinds of outcomes that lead to positive and enduring change for children and families.

Head Start endeavors to strengthen and support fathers as responsible providers and care givers for children by focusing on enhancing the tools needed to strengthen their families. CAPOLC Head Start provides a Fatherhood Initiative Program that is scheduled monthly during the evenings. The objective is for men to leave the program with increased self-esteem; be able to set realistic goals; improve interviewing skills for employment readiness; develop strategies for being better parents and stabilize the home environment for the Head Start child; and develop tools to face the challenges of family community, vocational and civic leadership.

HEAD START

SCHOOL READINESS STRATEGIES

VISION

- ◆ We provide services to families and children according to Head Start criteria.
- ◆ We will keep staff focused through evaluation of self goals and values.
- ◆ We vision empowerment for our staff, parents and children through self-leaders, teamwork and affirmation.
- ◆ We motivate staff to create a climate of mutual trust and human values which takes precedence over individual power.

Educational Philosophy

Community Action Partnership of Lake County Head Start recognizes that each child is unique and different and should be treated with respect. These differences are valued and will be considered as staff individualizes their plans to meet their educational needs.

The staff is highly trained and provides several different education experiences inside the classroom to adhere to all types of learning styles. The curriculum and assessment tool used reflects the School Readiness goals that have been created to meet the Illinois Early Learning Standards and the New Head Start Early Learning Outcomes Framework. The program strives to meet the needs of each child and advocate for parents to be their child's first teacher.

Curriculum

The program uses The Creative Curriculum for Preschoolers, Fifth Edition (Five Volumes Only). The curriculum utilized is research based and is directly in alignment with the Illinois Early Learning Standards, the New Head Start Early Learning Outcomes Framework, and the Teaching Strategies Gold online assessment tool. Creative Curriculum sets the classrooms up using a center model and encourages children to learn in each center through exploration. All teaching staff is trained on the usage of Creative Curriculum annually.

Screenings

All children are screened using BRIGANCE Head Start III developmental screening to identify potential delays within the first 45 days of the child starting the program. Each child also receives a Hearing and Vision screening within the first 45 days of the child starting the program. Staff collaborate to observe children and then a DIAL 4 screening is completed before referring families to their local school district.

Assessments

The program provides an online assessment tool through the use of the Teaching Strategies Gold system. The assessment tool is used to track the progress of the children and compiles reports to share with parents that identify if children are progressing at the correct age level. The assessment tool measures social emotional, physical, language, cognitive, literacy, mathematics, and English language acquisition skills. The Teaching Strategies Gold system is also available to help with lesson planning and individualizing goals for each child.

HEAD START TRANSITION ACTIVITIES

Community Action Partnership of Lake County Head Start encourages families to become lifelong educators and learners. It is the responsibility of each staff person to encourage and support the engagement of parents in all aspects of early childhood education services.

Community Action Partnership of Lake County Head Start provides a **Children Family Enrichment Program** for Head Start parents and children. The program encourages parents to work on strengthening areas of their child's development by using items from the home, reading a book, or playing a game.

Parents as Reading Partners is another enrichment program designed to encourage parents to learn the English language through weekly meetings and take-home parent/child activities.

We also partnered with **United Way's Early Learning Club** to conduct three events designed to prepare children for kindergarten.

GOALS

- ◆ **Contribute to the total development of the child (Social, Emotional, Nutritional, Educational, and Health).**
- ◆ **Give parents an opportunity to participate in the total program as volunteers and employees.**
- ◆ **Provide the first phase of educational background for children, including those with disabilities.**

The awardees are a combination of volunteers and corporate partners that have contributed significantly to Mission of Community Action in 2017.

AbbVie Foundation, Melissa Walsh **Changing Lives**

Melissa Walsh is the Vice President of the AbbVie Foundation and Senior Director of Global Philanthropy for AbbVie. In that capacity, she advances AbbVie's commitment as a socially responsible company by developing the vision, strategy and execution of the company's global philanthropic programs. Throughout her career, Melissa has worked to solve issues surrounding health care access, quality and coverage for patients in the US and around the world. A lawyer, Melissa began her career as a litigator in private practice. Melissa is an Eisenhower Fellow and a member of the Board of Directors with the Arthritis Foundation, New England Region.

ASSURANCE, Jonathan Trapp **Friend of Community Action**

Jonathan Trapp is Senior Vice President at Assurance Agency, Ltd. Jon, who has earned his ARM (Associates in Risk Management) and CIC (Certified Insurance Counselor) designations has over 27 years experience and has spent his entire career as an insurance and risk management professional working with various types of not for profit social and human service organizations and helping them effectively manage their risk management programs. Jon forms close relationships with his clients to fully understand their specific risk management situation. Jon prides himself on being a "go to person" for difficult insurance coverage matters and works closely with his clients to design an insurance and risk management program that is both comprehensive and administratively friendly.

Dr. Chinni Chilamkurti **Special Donor**

Dr. Chinni Chilamkurti is a licensed, pediatric psychologist with over 25 years of experience providing comprehensive behavioral health services for children and families. She specializes in working with children and families presented with a wide range of challenges. Dr. Chinni has provided consultation services to Head Start staff, parents and children for over 20 years. Additionally, Dr. Chinni has served on the Community Action Foundation Board of Directors since its establishment in 2013. She has generously donated her time, talent and treasure to the Foundation.

Constance R. Collins, Ph.D.

Helping People

Constance Rupert Collins is a native of Gary, Indiana. She received her higher education from Indiana University and The Pennsylvania State University. Dr. Collins has held the following administrative positions; Special Education Supervisor, Special Education Director, Elementary Principal, and Area Superintendent. She currently serves as Superintendent of Round Lake Area Schools, CUSD #116 in Northern Illinois. Dr. Collins is an active educational consultant, serving member of professional, community and fine arts organizations and the recipient of several awards and recognitions.

Sylvia England

Community Volunteer

Sylvia England, of Waukegan, has a diverse compilation of professional experience. Sylvia is Executive Host of “The England Manor”, a Bed & Breakfast and Event Center. She is a retired educator and District 60 Administrator of 36 years; having serving as Dean of Students, Director of Guidance, Associate Principal, and Administrator of Student Programs. As an active member of her community, Sylvia is Executive Director for the Love Notes Music Organization; an organization that provides inspiration, instruction, and musical instruments to children. She is also a Trustee for the Waukegan Public Library Board; Chair of the local Juneteenth Summer Celebration and proudly serves on the Community Action Partnership Head Start Policy Council. She has served as past President of The National Association of University Women and Administrator and Developer of Greater Faith Community Preschool. Sylvia is a mother and grandmother with a passion for serving God and others.

Marty Leiter

Friend of Community Action

Marty Leiter, Senior Principal Consultant at Expense Reduction Analysts, is a seasoned executive with broad-based experience in senior management, product development, sales and marketing management, turnarounds and entrepreneurship. In his 25-year business career, he has successfully executed business initiatives and strategies in the U.S., Canada and Europe. Marty has served as a consultant to Community Action Partnership of Lake County since 2013. He was also one of the Community Action Foundation Board members who established the Foundation in the same year.

Tammy P. Moore **Friend of Community Action**

Tammy Moore “the Diamond Diva” is the only African American shareholder of Diamond Residential Mortgage and owner of Tammy P. Moore & Associates. She is a licensed mortgage originator in 8 states. She is a credit repair specialist, conducts seminars and personal coaching sessions to assist her clients with homeownership, credit & financial planning. Ms. Moore is very active in the community and has served on the Community Action Foundation Board since its establishment.

North Shore Gas, Lori Flores Rolfson **Corporate Volunteerism**

Lori Flores Rolfson is vice president – operations for Peoples Gas and North Shore Gas. In this role, she is responsible for strategically directing and leading gas operations and maintenance functions, as well as customer service in field operations. She ensures compliance with the safe and reliable delivery of natural gas to customers, as well as compliance with state and federal regulations. She also is responsible for customer satisfaction, employee safety and financial results of the operations. Flores Rolfson has a 27 year career in the utility business. As a part of the WEC Energy Group acquisition of Peoples Gas and North Shore Gas in July of 2015 she was appointed to her current position.

PNC BANK, Paul LaBonne **Friend of Community Action**

Paul Labonne is a seasoned banker with over 20 years of experience in commercial and retail lending, community development, and strategic planning. Paul is currently Vice President and Community Consultant for PNC Bank in Chicago. In his present capacity Paul is responsible for ensuring that the bank continues to exceed regulatory requirements under the Community Reinvestment Act (CRA) for the Chicago metropolitan market. However, the most important aspect of Paul’s job is to assess the economic needs of all the communities PNC serves by developing and enhancing current and new relationships with community leaders, heads of industry, and elected public servants. Paul is a member of the Community Action Foundation of Northern Illinois Advisory Board and conducts financial literacy workshops for Community Action.

Wesley T. Trombino **Impact Award**

Wesley joined Office Plus Solutions and Supply in 1982 which was founded in 1945 by his Grandparents, Father, and Uncle and continues today as a Third Generation Consultant to the Customer. Wes is a member of the Sigma Chi Fraternity, Advisory Board Member for Community Action Foundation of Northern IL, Waukegan Public Schools Foundation Board Member and serves as Vice President, and Member of First United Methodist Church. Wes has two children Megan and Michael and two grandchildren Faye and Hudson.

CAP t-shirts and More is a social enterprise of Community Action Partnership of Lake County. When you shop at a non-profit social enterprise, your dollars are reinvested back into the local community.

Social Enterprises provide the same high-quality merchandise that you can find at for-profit on-line sites. **Visit our website** to view a sampling of tee shirts, conference materials, and promotional items that can be customized for your company, social clubs, groups and reunions.

- All items not listed
 - Prices subject to change
 - Special offer & coupon codes can be found on Facebook and twitter

SOCIAL ENTERPRISES

CAP *Changing Lives* Upscale Resale Shop

“Changing Lives” Upscale Resale Shop (CLURS) has a wide variety of merchandise such as: professional, formal and casual clothing for the entire family, business and home furniture, home décor, shoes, bath accessories, bedding, window coverings, artwork, books, toys, jewelry and more.

Most of our merchandise is gently used, but some items are donated directly from department stores. Our Shop occasionally carries designer and brand name clothing and accessories. Our gently used furniture ranges from vintage to high-end pieces, such as bedroom dressers and chests, end and side tables, living room sets, dinette sets, desks, bookcases, display cases, and children’s furniture.

5K Walk/Run For Seniors!

Waukegan Sports Park
3391 W Beach Rd, Waukegan, IL

* Located near Yorkhouse and Greenbay Road in Waukegan, IL

This is a fun event for the entire family. Awards will be given to the fastest woman/man to complete the course and the oldest and youngest runners/walkers. Timing services will be used and receive your immediate timing results online. After the race, enjoy entertainment and exciting giveaways. Waukegan Township will provide shuttle bus service from Park Place to and from the 5K location. Free of charge. All proceeds go directly toward providing services to adults 55 and better. For information or sponsorship opportunity call 847-244-9242 or email Rthompson@waukegantownship.com.

Interested in joining the 5K committee? Please contact the Township's Administration Office - 149 S. Genesee St., Waukegan, IL - 847-244-4900

The background of the advertisement features a grayscale cityscape of Chicago, with prominent skyscrapers like the Willis Tower and the Trump Tower. A large, semi-transparent red triangle is overlaid on the left side of the image, pointing towards the center. The Ice Miller logo is positioned in the upper left corner, with 'Ice' in red and 'Miller' in black. Below the logo, the words 'LEGAL COUNSEL' are written in a smaller, black, sans-serif font.
