Hope and inspiration through community action...

William T. McNeely, Board President
Mary Lockhart White, Executive Director/CEO
Letter from the
BOARD PRESIDENT

Why the 2020 Census is so Important to Lake County

What are the consequences of undercounting Illinois’ 12.8 million residents?

An inaccurate census hurts everyone in Lake County. Experts say that areas with low voluntary census participation will be severely affected. Undercounts will translate into fewer federal dollars across state and county programs.

Those in need of federal assistance tend to be at the highest risk of undercount. Those populations include:

- the homeless,
- ethnic minorities
- the less educated and
- those who are housing-insecure.

According to Anita Banerji of Forefront, Illinois has lost one congressional seat in every census cycle, since 1950.

We all need to do our part and encourage our neighbors to be counted!

---

Mission of Community Action

The Mission of the Community Action Partnership of Lake County is to reduce the causes and effects of poverty, promote self-sufficiency of families and individuals with low incomes and improve the standard of living in the Lake County service area by:

- Providing valuable education and training services to individuals and families.
- Providing affordable housing and energy assistance.
- Provide accessible and tailored business and development services.
- Advocating for the interests of individuals and families with low incomes.
- Supporting and coordinating services to other organizations.

HELPING PEOPLE.  
CHANGING LIVES.
Letter from the
EXECUTIVE DIRECTOR/CEO

TODAY'S CHALLENGES TO OVERCOMING POVERTY

When President Lyndon Johnson launched the War on Poverty in 1964, the majority of families were two-parent households supported by the earnings of one working adult. The era’s landmark anti-poverty initiatives were designed to provide a road map with quick connections to jobs.

In the industrially-based economy of the 1960s, this worked reasonably well. Unskilled manufacturing jobs were plentiful and paid an adult worker a family-sustaining wage. In instances when earnings were not enough to make ends meet, publicly funded housing, child care, and food subsidy programs filled many of the gaps.

Today’s anti-poverty programs have changed little since that time. What has changed is the amount of public funding available for these programs and how complex and increasingly sinkhole-driven the pathway to economic independence has become for low-income families.

The current federal minimum wage of $7.25 an hour has lost more than 30 percent in buying power since 1968 and no longer represents a stable floor for family income. In addition, increased competition for unskilled jobs has depressed average wages at the bottom of the earnings scale and the recovery from the recent recession has not reversed these dynamics.

To attain economic independence, low-income families today must navigate a complex environment requiring strong strategic-thinking skills. Crittenton Women’s Union has identified five essential pillars of its Bridge to Self-Sufficiency® Bridge Theory of change as: family stability (principally housing and child stability); well-being (principally health/behavioral health and social supports); education; financial management; and career management.

Community Action Partnership of Lake County will continue to eradicate Poverty in the midst of plenty. Helping People, Changing Lives.

THE PROMISE OF COMMUNITY ACTION

Community Action Changes people’s lives, embodies the spirit of hope, improves communities and makes American a better place to live. We care about the entire community, and we are dedicated to helping people, help themselves and each other.
Community Action Partnership of Lake County (CAPOLC) is one of 1,000 agencies across the United States established under the Economic Opportunity Act of 1964 to fight America’s War on poverty.

For 55 years CAPOLC has administered the Low Income Home Energy Assistance Program (LIHEAP), Head Start Early Childhood Development Program, Youth and Family Services (Self-sufficiency case management, Emergency Assistance, summer camp and a food pantry), Adventure Kids Childcare, Home Weatherization, Retired and Senior Volunteer Program (RSVP) and Affordable Housing programs for low-income residents and Veterans.

In 2005, CAPOLC established and operated its first social enterprise, CAP Catering Services. CAPOLC now operates 3 social enterprise businesses in order to generate revenue and fulfill our mission. During the nineties, CAPOLC purchased 116 single and multi-family housing units to rent as affordable housing. Many single family homes bought by the agency were sold to low-income individuals and families as they became self-sufficient and, more importantly, were ready to build assets for the future.

In 2013, CAPOLC established an independent Foundation to fundraise and secure private grant funding to ensure financial growth for the agency. Later that year, the Agency opened “Changing Lives” Upscale Resale Shop in Zion.

As new challenges arise in our communities, CAPOLC responds. Currently, the agency is transitioning thirty 3-bedroom townhouses at Hervey Village in North Chicago, IL into permanent housing for homeless and near homeless US military Veterans with children. The agency has replaced RSVP with a broader volunteer program, and reinstituted a Community Economic Development program.
HEAD START MISSION STATEMENT

Head Start is organized to serve children and families with culturally and economically deprived social status by offering a program to provide the early formal stages of the child’s educational experiences, basic health services, nutritional services, social services and parent engagement opportunities.

Head Start is an advocate to gain and protect the rights of children and the rights of those who provide love and care for children. It is a nurturing learning place for children and families.

Head Start provides a place and an opportunity for people to speak out on community issues and express concerns affecting them and their children.

Head Start establishes networking relationships with other child-centered organizations and collaborations with other providers to enhance the economic and social opportunities for Head Start families by sharing applicable information and giving a head start to those who are a part of this program.

To accomplish this mission, Head Start has a firm commitment to use goal setting techniques, mutual trust and clearly defined standards of performance to produce the highest quality of work by its personnel.

The child’s entire family and the community must be involved. The strengths and unique experiences of each child should be developed. The family, which is the principal influence on the child’s development and life, must be a direct participant in the total program, including its growth and activities.

A work climate that fosters openness, personal fulfillment and use of everyone’s unique talents and responsibilities is essential to the accomplishments of our mission. These factors are necessary to meet the needs of families, parents, our community, our staff and our agency.
HEAD START OVERVIEW

Head Start is a nationally funded program that provides education, health, disability/mental health, nutrition and family support services to targeted low-income families with 3-5 year old children.

Education

Activities and goals are individualized according to each child’s needs. Areas of development includes: language, literacy, math, science, creative arts, social, emotional and physical development. Children learn to problem solve and are prepared to succeed in kindergarten. Parents are informed and consulted as their child’s first and primary teacher.

Disability/Mental Health

Head Start welcomes children with identified Individualized Education Programs (IEPs). These children will benefit from the individualized Head Start curriculum. Children can be dually enrolled in the local school district and Head Start.

Head Start has a mental health consultant who uses interns from Rosalind Franklin University to create Behavior Intervention Plans for our children, families and teachers.

Nutrition

Head Start children receive a daily well balanced diet according to standards set by the US Department of Agriculture. The staff Nutrition Coordinator consults with a Registered Dietician monthly regarding children with allergies, diet restrictions, who are overweight, and have special nutritional needs. Head Start children are taught family style serving and enjoy a monthly food experience activity.

Parent, Family & Community Engagement

Parent and family engagement in Head Start is about building relationships with families that support family well-being, strong relationships between parents and their children and ongoing learning and development for both parents and children.

The Parent, Family and Community Engagement (FCE) Framework is a road map for progress in achieving the kinds of outcomes that lead to positive and enduring change for children and families.

Head Start endeavors to strengthen and support fathers as responsible providers and caregivers for children by focusing on enhancing the tools needed to strengthen their families. CAPOLC Head Start provides a Fatherhood Initiative Program that is scheduled monthly during the evenings. The objective is for men to leave the program with increased self-esteem; be able to set realistic goals; improve interviewing skills for employment readiness; develop strategies for being better parents and stabilize the home environment for the Head Start child; and develop tools to face the challenges of family community, vocational and civic leadership.
VISION

- We provide services to families and children according to Head Start criteria.
- We will keep staff focused through evaluation of self goals and values.
- We vision empowerment for our staff, parents and children through self-leaders, teamwork and affirmation.
- We motivate staff to create a climate of mutual trust and human values which takes precedence over individual power.

Educational Philosophy

Community Action Partnership of Lake County Head Start recognizes that each child is unique and different and should be treated with respect. These differences are valued and will be considered as staff individualizes their plans to meet their educational needs.

The staff is highly trained and provides several different education experiences inside the classroom to adhere to all types of learning styles. The curriculum and assessment tool used reflects the School Readiness goals that have been created to meet the Illinois Early Learning Standards and the New Head Start Early Learning Outcomes Framework. The program strives to meet the needs of each child and advocate for parents to be their child’s first teacher.

Curriculum

The program uses The Creative Curriculum for Preschoolers, Fifth Edition (Five Volumes Only). The curriculum utilized is research based and is directly in alignment with the Illinois Early Learning Standards, the New Head Start Early Learning Outcomes Framework, and the Teaching Strategies Gold online assessment tool. Creative Curriculum sets the classrooms up using a center model and encourages children to learn in each center through exploration. All teaching staff is trained on the usage of Creative Curriculum annually.

Screenings

All children are screened using BRIGANCE Head Start III developmental screening to identify potential delays within the first 45 days of the child starting the program. Each child also receives a Hearing and Vision screening within the first 45 days of the child starting the program. Staff collaborate to observe children and then a DIAL 4 screening is completed before referring families to their local school district.

Assessments

The program provides an online assessment tool through the use of the Teaching Strategies Gold system. The assessment tool is used to track the progress of the children and compiles reports to share with parents that identify if children are progressing at the correct age level. The assessment tool measures social emotional, physical, language, cognitive, literacy, mathematics, and English language acquisition skills. The Teaching Strategies Gold system is also available to help with lesson planning and individualizing goals for each child.
Community Action Partnership of Lake County Head Start encourages families to become lifelong educators and learners. It is the responsibility of each staff person to encourage and support the engagement of parents in all aspects of early childhood education services.

Community Action Partnership of Lake County Head Start provides a **Children Family Enrichment Program** for Head Start parents and children. The program encourages parents to work on strengthening areas of their child’s development by using items from the home, reading a book, or playing a game.

**Parents as Reading Partners** is another enrichment program designed to encourage parents to learn the English language through weekly meetings and take-home parent/child activities.

We also partnered with **United Way’s Early Learning Club** to conduct three events designed to prepare children for kindergarten.

**GOALS**

- Contribute to the total development of the child (Social, Emotional, Nutritional, Educational, and Health).
- Give parents an opportunity to participate in the total program as volunteers and employees.
- Provide the first phase of educational background for children, including those with disabilities.

**VALUES**

- Respect
- Capacity to love/Care
- Willing to Learn
- Positive Attitude
- Accept Constructive Criticism
- Patience
- Loyalty
- Sharing
- Trust/Honesty
- Accountability
- Flexibility
- Good Listener

Mothers Trust Foundation, Susan Suhling
Changing Lives Award
Mothers Trust Foundation has provided immediate assistance to children in Lake County since 1998. As its current Executive Director, Susan Suhling has provided emergency and enrichment assistance for children in the families Community Action Partnership of Lake County serves.

In addition to collaborating with us, Mothers Trust Foundation partners with social workers and school counselors to identify children who may fall through the cracks of the social service system.

CF Industries, Anthony “Tony” Will
Lifetime Corporate Volunteer Service Award
Tony Will has served as the president and chief executive officer and as a member of the board of directors of CF Industries Holdings, Inc. since January 2014. Mr. Will joined CF Industries in 2007 as the company’s first vice president, corporate development.

The tradition began in 1967. CF Industries employees travel to Waukegan bearing gifts at Christmas time for over 100 Head Start children. CF Industries brings Santa and Waukegan firefighters to join in the fun and luncheon. Over the past 51 years, CF Industries has spread holiday joy across Community Action Partnership of Lake County Head Start.

Moszella Jackson
Community Volunteer Award
Moszella Jackson is a hero who has lived among us for generations. She can be seen among Community Action Partnership of Lake County staff, Head Start children, parents and Changing Lives Upscale Resale Shop customers.

When it’s holiday time, Moszella can be seen checking in residents as they receive an annual grocery and fruit basket. She’s more than a volunteer, Moszella is one of the community angels.
**Nielsen Massey Vanilla, Matt Nielsen**  
**Special Donor Award**  
Matt Nielsen is a third-generation owner, serving as Vice President of Strategic Initiatives.  

The Nielsen Massey Charitable Foundation has a mission to assist disadvantaged children and adults with education and leadership development, especially in the field of culinary arts. Community Action Partnership of Lake County is a proud recipient of a special donation for Veterans Housing @Hervey and CAP Catering Services.

**Walter E. Smite Furniture & Design, Walter E. Smithe, III**  
**Friend of Community Action Award**  
Walter E. Smithe III, company president, represents the third generation, of the Chicago family owned and operated furniture business that opened in 1945.

In 2018, **Changing Lives Upscale Resale Shop** revenue grew primarily from furniture sales. We put out a call for high-end furniture donations and Walter E. Smithe Furniture & Design answered the call.

**Waukegan CUSD #60, Jeff McBride**  
**Impact Award**  
Jeff McBride is an elected Board member of Waukegan Community Unit School District 60. He has been described as "truly a public servant". For over 25 years, Jeff has championed the cause for Kids Club Summer Day Camp by providing Community Action Partnership of Lake County a safe and spacious location for summer camp.

All children need summer camp experiences. It’s an opportunity to make new friends, gain self-confidence, and feel good about themselves. All parents need a safe affordable summer camp for their children.

**YouthBuild Lake County, Tameka Wilson**  
**Changing Lives Award**  
Tameka Wilson has been Executive Director of YouthBuild Lake County since 2016. Under Tameka’s leadership, YBLC played a major role in rehabbing four housing units for homeless and near homeless veteran families in North Chicago, IL. YBLC youth program participants learned the importance of hard work, safety, job readiness, and teamwork while developing new construction career skills.

**YWCA Lake County, Treopia Cannon**  
**Helping People Award**  
Treopia Cannon is the CEO & Executive Director of the YWCA Lake County. Community Action Partnership of Lake County congratulates YWCA Lake County’s for its stand for social justice. We value and thank you for your partnership in helping every child and family in Lake County receive access to resources to succeed in school and in life.

Congratulations

Community Action Partnership of Lake County
On 55 Years of Serving Lake County Residents

Commissioner Mary Ross Cunningham
District 9—Lake County Board

God Bless
2018 Programs

Affordable Housing

52
Number of single family, townhouse and apartment rental units managed by Community Action Partnership of Lake County Housing. Tenants include military veteran families, seniors and low-to-moderate income individuals and families.

Income Qualified Energy Efficiency Program

111
Number of single and multi-family units in Lake County that received energy efficiency measures at no cost to the occupant(s).

Kids Club Summer Day Camp

143
Children 5-12 years of age from at-risk communities enjoyed fun-filled camp activities and field trips at affordable rates. Scholarships are available.
Corporate and other group volunteers work with program directors to set-up volunteer days. Volunteers may also choose from one of our three different volunteer programs. Individuals work in Head Start classrooms, the resale shop, offices and/or agency events.

### Low-Income Home Energy Assistance Program (LIHEAP)

8,038

Number of households that received heating & cooling bill payment assistance. 2018 benefits averaged $482 per Lake County approved resident.

### Volunteer Program

100

Corporate and other group volunteers work with program directors to set-up volunteer days.

Volunteers may also choose from one of our three different volunteer programs. Individuals work in Head Start classrooms, the resale shop, offices and/or agency events.

### IL Home Weatherization Assistance Program (IHWP)

117

Houses in Lake County that received energy conservation work at no cost to the homeowner. The program spent an average $8,268 per house.
2018 PROGRAMS

Youth and Family Services

1,339

Individuals and families who received emergency assistance, food pantry donations, self-sufficiency case management or post-secondary scholarships. Students are awarded scholarships for accredited Illinois institutions of higher education or vocational training schools.

Funded by Community Services Block Grant

Volunteers of all ages help pack holiday baskets

Volunteers help roll holiday baskets to cars.

Hundreds of holiday baskets are packed and ready to go!
Veterans Housing @Hervey provides housing and support services for US Military Veterans and their children. The project’s goals are to provide stable housing for homeless and near homeless Veterans with children and to remove obstacles that are preventing these Veterans from receiving job benefits that will return them to self-sufficiency.

Community Action Veteran’s Council represents a cross-section of veteran advocates and is a part of the Community Action Foundation of Northern IL. Community Action Partnership of Lake County and the Foundation’s Veteran’s Council partnered with thirty five veteran medical and social service organizations; veteran clubs and advocacy groups; and Great Lakes military personnel to provide housing assistance and support services to veteran families.

In 2018, we expanded our available veteran housing with rehab and volunteer support from the North Shore Gas Home and Honor program. Additional townhouse units were rehabbed through the Veterans Cash Lottery Program sponsored by the Illinois Department of Veterans Affairs. Volunteers with Buckingham Foundation’s volunteer project provided much needed repairs before veteran move-in days.
